

## SUMMARY

Motivated Full Stack Developer experience in developing web applications using HTML, CSS, JavaScript, Bootstrap, PHP, MySQL, SQL Server, and Java Programming. Skilled in both front-end and back-end development, with a strong commitment to excellence and continuous learning. Eager to leverage my skills in a challenging environment to drive organizational success and contribute to team achievements, while expanding my expertise in a dynamic, multinational setting.

## EDUCATION

### Bachelor of Information Technology

T.D.M.N.S College, kallikukam  
MS University  
2019-2022 80%

### Higher Secondary School Certificate

Govt.Hr.Sec school,kalakad  
2017-2019 68%

## SKILLS

- Team Management Skills.
- Problem Solving.
- Time Management.
- MS Office
- Web Development

## TECHNICAL SKILLS

### Front-End:

HTML, CSS, JavaScript, Bootstrap,  
ReactJS

### Back-End:

PHP, Laravel, Java Programming

### Database:

SQL Server, MySQL

### Additional Skills:

Git/GitHub for version control,  
Networking technical support

## PROFESSIONAL EXPERIENCE

### FULL STACK DEVELOPER

#### RORIRI SOFTWARE SOLUTIONS Kalakad.

2024 - Present

- Developed ERP software solutions using HTML, CSS, JavaScript, AJAX, PHP, and MySQL, enhancing system functionality and user experience. Managed database administration and back-end logic to support core ERP features like inventory management and financial reporting.
- Collaborated with stakeholders to customize and optimize the ERP platform, resulting in improved business operations and client satisfaction.

## INTERNSHIP EXPERIENCE

### RORIRI SOFTWARE SOLUTIONS

#### Software Development

Feb 2024 - May 2024

- Contributed to the development of a new feature for the company's web application, resulting in a 15% increase in user retention. Assisted in debugging and testing code for software releases, ensuring product quality and reliability. Participated in team meetings and brainstorming sessions to discuss project progress and potential improvements. Improved proficiency in programming languages such as Java, PHP and JavaScript through hands on experience and mentorship.

## **CERTIFICATIONS**

---

- Java Programming Course Completion
- Mobile Service Training Certificate

## **STRENGTHS**

---

- ORGANIZING ABILITY
  1. Organized the events for our seniors
  2. Organized the Workshop and seminar
- Collaborative
- Good Listener
- Quick Learner
- Time Management Skill

## **PROJECTS**

---

### **ERP SYSTEMS DEVELOPMENT FOR VARIOUS INDUSTRIES**

Role: Full Stack Developer

- Developed ERP systems for diverse sectors, including multi-entity organizations, study centers, and laptop service centers, utilizing HTML, CSS, JavaScript, Bootstrap, AJAX, PHP, and MySQL to create responsive front-end interfaces and robust back-end functionalities.
- Successfully delivered tailored ERP solutions that streamlined operations, improved data management, and enhanced user experience across different business environments by leveraging Agile methodologies and iterative development processes.

### **E-Commerce Online Shopping Platform (Mobiles)**

- Technologies Used: HTML, CSS, Basic Server Setup
- Developed an e-commerce website for mobile phones with a user-friendly interface using HTML and CSS, and set up a basic server to handle core functionalities, enhancing user experience and streamlining the shopping process.

### **Library Maintenance Application**

- Technologies Used: Java, AWT, SQL Server, JDBC
- Description: Developed a library maintenance application using Java and the AWT library for the graphical user interface. Implemented SQL Server as the back-end database to manage library records efficiently.
- Established connectivity between the server and the application using JDBC to ensure seamless data interactions and updates. This project demonstrated proficiency in Java programming and database management.
